

The Complete Solution for the No Surprises Act

Starting in January 2022, the **No Surprises Act** requires group health plan and insurers to provide advanced EOBs for scheduled services and upon patient inquiry. Health plans now face a serious challenge to meet these transparency requirements.

Prepare for the No Surprises Act with Transparency+ today.

Equipped to meet all regulations of the No Surprises Act, **Transparency+** by Integrated Payor Solutions is a stand-alone **claims processing system** and **cost estimator** built on the **dynamic Salesforce platform**.

With **Transparency+**, payors can easily fulfill the key components required by the No Surprises Act for Advanced EOBs, including:

The network status of each provider and facility

Contract rates for services schedule for in-network providers

Good faith estimation for out-of-network providers

Expected participant cost-sharing amount

Estimated amount the participant has accrued toward their deductible

Participant annual out-of-pocket maximum

Any medical management requirements for procedures

Disclaimer that all information is subject to change

No Strings Attached

Bolt-on solution that can seamlessly integrate with any existing tech stack

Quick & Seamless Implementation

60-day average implementation to meet requirements quickly

Unmatched Flexibility

Scalability and reliability powered by Salesforce to grow with needs
